Lincoln Robert Cervantes Memorial Fund

Lincoln Robert Cervantes was born into this world early at 22 weeks on August 1, 2025 to Jake and Katherine Cervantes. Lincoln passed away shortly after birth but knew nothing but love. Jake and Katherine established this memorial fund to keep Lincoln's memory alive. The memorial fund was established to help other families lessen the financial burden of infant burial and lay their child to rest at Sunnyside Cemetery.

"There is no footprint too small to leave an imprint on this earth."

The **Lincoln Robert Cervantes Memorial Fund** was established by Jacob and Katherine Cervantes in 2025 with donations made in memory of their son, Lincoln Robert Cervantes. Additional donations continue to be received for this fund and have ensured its ongoing support for families who experience the loss of their young child. The Cervantes family would like to offer their condolences to yours. This may come in the form of a phone call, a card or a small gift. If you wish to remain anonymous and not have the Cervantes family reach out, you may choose to do so on the attached form.

The **Lincoln Robert Cervantes Memorial Fund** covers the Open/Close fees for cremation or casket burial at Sunnyside Cemetery for all children that are preterm through the age of 2 years old. All expenses associated with the purchase of a Traditional Burial Lot, time of day, weekend and seasonal fees are not eligible expenses for this fund. Free, donated Lots for these children are available in one of our baby sections. Donated Lots do not allow for future additional burials to take place in them. A Traditional Lot or ½ Lot would need to be purchased, if you would like to be buried by your child in the future.

In addition to the funds raised by the Cervantes family and outside donations, Sunnyside Cemetery also offers a 15% discount for all burials covered by these funds in hopes of extending the benefits to more families in need. For families who choose to purchase a Traditional Lot for their child, 2 years of age or younger, we also offer discounts on Traditional and ½ Lots for the child's Lot only. Payment plans are available for additional Lots purchased for parents, siblings and other family members.
